Sir:

REQUEST FOR CORRECTED FILING RECEIPT

The filing receipt received in connection with this case indicates that the Domestic Priority data as claimed by applicant is not consistent with PTO records. A supplementary amendment has been submitted to amend the "related application" paragraph on page 1, line 2 to correct the error of a typographical nature regarding the date that the related application was filed.

It is, therefore, clear that the date on the filing receipt is correct and is it requested that a new filing receipt be issued with the asterisk removed as the data provided by the applicant is now consistent with the PTO records.

Respectfully submitted,

HOVEY WILLIAMS LLP
